ABSTRACT

Intended for those working with the developmentally disabled, the bibliography contains approximately 300 entries on resource materials in the area of human sexuality. Included, with pertinent bibliographic information and a brief description, are listings of books, pamphlets, films, filmstrips, sound filmstrips, film loops, cassettes, articles, and charts, many of which were selected for use directly with clients. Covered are the following topics: human sexuality (for children; adolescents; and parents, teachers, and counselors), hygiene, menstruation, reproduction, contraception and family planning, venereal disease, abortion/sterilization, values and sexuality, homosexuality, sex and physical handicaps, and sex education programs. Also included is a list of nine locations in the Denver, Colorado area at which the materials can be found. (IM)

 * Documents acquired by ERIC include many informal unpublished *
 * materials not available from other sources. ERIC makes every effort *
 * to obtain the best copy available. Nevertheless, items of marginal *
 * reproducibility are often encountered and this affects the quality *
 * of the microfiche and hardcopy reproductions ERIC makes available *
 * via the ERIC Document Reproduction Service (EDRS). EDRS is not *
 * responsible for the quality of the original document. Reproductions *
 * supplied by EDRS are the best that can be made from the original. *

SEXUALITY RESOURCE GUIDE

A revised bibliography of resources
for sex education of the
developmentally disabled

prepared by

The Resources Subcommittee of the Committee
for the Developmentally Disabled in cooperation
with the Library Development Services Unit

Colorado State Library

June, 1975

FC091575

This bibliography has been prepared to provide knowledge of an access to resource materials in the area of human sexuality and the developmentally disabled. Most items will be of primary use to those working with the developmentally disabled. Many of the audiovisual materials, however, were selected for use directly with clients.

Various community resource agencies that maintain audio-visual media collections will share their materials. Each item in the bibliography has a location listed for it; a key to the abbreviations used follows the table of contents. If you wish a particular film or filmstrip, please contact the agency, e.g. Denver General Hospital, regarding their system for lending materials. The Colorado State Library has single copies of articles, pamphlets, and curriculum guides listed in the bibliography available for use in the library, or on interlibrary loan through a local public library.

This bibliography was prepared by the Resources Sub-Committee of the Committee on Human Sexuality for the Developmentally Disabled of the Denver Metropolitan Area in cooperation with the Colorado State Library's Institutional Library Services Program. Individuals who contributed their time were:

Teddy Bushkovski	Adams County Center for the Mentally Retarded
Rose Cook	United Cerebral Palsy Center
Evelyn Porter	Community Counselors
Gene Stortz	Colorado State Library
Ellen Stout	Denver Health and Hospital

The Resources Sub-Committee would appreciate feedback on the effectiveness of these materials from those who are working directly with the developmentally disabled. The Committee needs to know if you find any of these materials unacceptable, and why, or if there are better items that we could include in the next bibliography. It is planned that supplements and revisions will be issued as needed. The Committee needs everyone's input about new books, articles, pamphlets and A-V materials so that information can be shared with those who need it. Please send this information to:

SEX AND PHYSICAL HANDICAPS

BOOKS

Gregory, Martha, Sexual Adjustment: A guide for the spinal cord injured, Accent Special Publications, Accent on Living Inc., P.O. Box 726, Bloomington, Illinois 61701, 1974. \$4.95.

Written by the wife of a C-5 quad, this 70 page book discusses an overview of paraplegia, sexual adjustment and counseling and family adjustment. While well documented and concisely written about the paraplegic, this book offers input information to individuals with other physical disabilities and the professionals working with them.

Heslinga, Dr. K., Not made of stone - the sexual problems of handicapped people, Charles C. Thomas, 1974. \$15.75 hardback

The medical authors outline the fundamentals of the anatomy and physiology of human reproduction, normal and abnormal, elements of genetics and contraceptives. They include abundant information on catheters, mechanical aids and sexual prostheses. A lengthy section is devoted to adulthood and sexuality presenting detailed techniques for developing effective individual counseling. A valuable reference which contains many actual photographs throughout the book. Highly recommended.

Mooney, Thomas; Cole, Theodore; and Chilgren, Richard. Foreword by Alex Comfort. Sexual Options for Paraplegics and Quadriplegics, Little Brown and Co., 1975, Boston, Massachusetts 02106.

Authored by a spinal cord-injured person and two physicians (at the University of Minnesota's Physical Disability Program in Human Sexuality). This pictorial guide is excellent for professionals, cord-injured persons and their sexual partners. Written in a straightforward manner, it includes 65 photographs showing spinal-cord injured preparing for and engaging in various kinds of sexual expression with attention given to problems such as catheters, ileostomy bags and persons unable to move their arms or legs.

ARTICLES

Geiger, Robert, "Sexuality of people with cerebral palsy", Medical Aspects of Human Sexuality, p. 70-78 and 80, March 1975.

Gives a historical perspective on how cerebral palsied individuals have been misunderstood and avoided in the area of sexuality. The conclusion points out that, given information and the proper opportunities, cerebral palsied persons are able to function satisfactorily on a sexual level.
